Terms of Quotation

“The quotation provides an estimate for the Interiors of your home and it does not represent the final values. The quotation can change basis actual site measurements, changes in scope of work or specifications, etc.

“The proposed designs are for reference only and do not represent the actual Interiors installation at site.

Frequently Asked Questions

“What services does Atom Interiors offer?

Atom Interiors is a Smart Interiors firm that offers turnkey Home Interiors and Home Automation solutions. We provide complete Home Interiors solutions that are custom designed as per your taste and lifestyle preferences.

Also, we bring you the best of the Home Automation brands that make your life convenient and safe. We offer other safety devices for the complete home.

“Does Atom Interiors take up ancillary work and additional Interiors services? Yes, along with the furniture work, we offer various ancillary services like false ceiling, flooring solutions, wall treatments like wallpaper, textures, paneling work; lighting solutions, soft furnishing and more. We also provide additional services such as electrical modifications, basic civil work, *Vaastu* consultation, hardware and fixture options and more. You can speak with your designer to know more.

Frequently Asked Questions

What services does Atom Interiors offer?

Atom Interiors is a Smart Interiors firm that offers turnkey Home Interiors and Home Automation solutions. We provide complete Home Interiors solutions that can be custom designed or can be selected from our pre-defined catalogue.

Our Home Automation solution includes a balance of reputed International and National brands that we integrate on our platform for a precise solution. Our proprietary Home Automation brand is a budgeted range that offers solutions for both new and existing homes.

We also offer quirky furniture with our vintage brand Bright Furnitures that emphasises on rustic-themed unique, customised stand-alone furniture for the home.

What is Basic Interiors Range?

Basic Range of Interiors is no-frill range that is pocket-friendly and caters to the home owners who have a crisp budget allocated for their home Interiors. Insta offers off-the-shelf designs and laminate finishes that are apt for rental homes.

How is Luxury Interiors Range different from Insta Interiors?

Luxury Range is premium tailored Interiors solution that includes wide range of customised design options suited for modern homes. The Luxury Range includes high-end finish and design options perfect for customers looking for unique design centric solutions for their home.

Does Atom Interiors take up ancillary work and additional Interiors services?

Yes, along with the furniture work, we offer various ancillary services like false ceiling, flooring solutions, wall treatments like wallpaper, textures, paneling work; lighting solutions, soft furnishing and more. We also provide additional services such as electrical modifications, basic civil work, *Vaastu* consultation, hardware and fixture options and more.

Does Atom Interiors outsource design, manufacturing or installation?

No, for design, we have an internal team of Architects and Designers to design custom Interiors to suit every client's requirements.

Our manufacturing unit located in Peenya is a 10,000 sft facility that houses the top of line European Machinery. You can take a tour of our facility with this video [Manufacturing Facility](#).

Also, our in-house team of project managers, site supervisors and technicians take care of the complete installation for every Neobel customer. This differentiates us from rest of the industry where most of the services are outsourced.

What are the unique services offered by Atom Interiors?

We offer distinct services such as kid and pet friendly furniture, space management solutions, integrated home Interiors with home automation and much more. We also offer various design themes – right from contemporary to colonial – to give you the home of your dream.

In which cities is Atom Interiors present?

Atom Interiors caters to Bangalore, Chennai and Mumbai markets.

Why should a home owner choose Atom Interiors for their home Interiors?

The key differentiating factor is us being the one-stop-shop for all Interiors and Home Automation requirements. Our design team expertises in providing curated Interiors that attain a perfect balance between aesthetics and functionality. Our aim remains to transform every home into a powerful expression of their owner's identity.

“The **Details** are not the
Details, they make the
Design”
